# ROBUST PROTECTION HEROES

## GIGANT TROLLEY TOOL CASE COMPACT, GIGANT S TOOL CASE AND GIGANT TROLLEY TOOL CASE PRO

- Robust tool case for punishing everyday use
- According to IP67, protected from dust and water, airtight, shock-proof, acid and pressure resistant
- Two well-thought-out case configurations in three new promotion packages
- Gigant PRO and COMPACT with new rack system for individual order
- Matching accessories

# SECURE AND ROBUST – GIGANT TOOL CASE

The Gigant tool case series is based on original case designs for the military and is especially suitable for punishing everyday use.

The Gigant tool case protects your valuable tools from water and dust, is airtight, acid-resistant, pressure-resistant, shock-proof and virtually indestructible.

The acid-resistant bolts in the hinge and lock area, together with the rubber seal in the case shell ensure that the case has an IP67 protection rating. The case has four locks.

It is possible to secure the case with up to eight shackle locks on the handles to prevent unauthorised access to the content. Plastic supports on the case provide increased stability. To compensate for positive pressure, the case is equipped with a hand valve.

## Gigant trolley tool case COMPACT

The compact version of the Gigant series. As a small, handy trolley, the case is fitted with two tool boards, one of which has the convenient rack system and the other the pocket system.

- Acid-resistant bolts in the hinge area and the rubber seal in the case shell protect the content of the case from external influences
- Two clamp locks attached in the front area with new 2-stage mechanism for easier opening
- Two extremely wide and sturdy handles ensure for optimal carrying comfort, trolley handle can be locked in the top and bottom position, making it easier to roll along
- Equipped with a tool board both in the case lid and in the bottom shell; fitted with a document compartment
- Dimensions: L x W x H: 550 x 340 x 225 mm
- Weight empty: 7.5 kg

CIMCO-item no. 17 0098

## Gigant S tool case (without trolley function)

- Stackable, unbreakable and shock-proof
- Resistant to acids and temperatures of -33°C/+90°C
- Fitted with a document compartment, an ergonomic two-component handle and folding locks for optional padlock
- Tool boards with rack system
- Manual pressure relief valve
- An O-ring in the lid protects the content
- Dimensions: L x W x H: 475 x 415 x 215 mm
- Weight empty: 6.5 kg

CIMCO-item no. 17 0092

## Gigant trolley tool case PRO

An even more deluxe version is coming onto the market – the new Gigant PRO. The Gigant PRO impresses with the new rack system of the tool boards. This allows you to store tools neatly and securely in the case, saving space and ensuring they are permanently held securely, even if the case accidentally falls over.

- Acid-resistant bolts in the hinge area and the rubber seal in the case shell protect the content of the case from external influences
- Two clamp locks on the sides as well as two on the front with the new 2-stage mechanism for easier opening
- Three extremely wide and sturdy handles ensure for optimal carrying comfort, the trolley handle can be locked in the top and bottom position to make it easier to roll along
- Equipped with two tool boards, both in the case lid and in the bottom shell; lower tool board in the bottom shell rests on partitions, second tool board is secured with 50 mm spacing from the bottom one, resting on four metal brackets
- Dimensions: L x W x H: 630 x 490 x 300 mm
- Weight empty: 14.5 kg

CIMCO-item no. 17 0094
