

MARKINGS, WARNING LABELS

and Business equipment

TEST STICKERS AND QUALITY LABELLING

Meaningful labelling helps arrange business processes and organisation in a manageable way. Test marking makes it possible to outwardly document compliance with the specified standards or regulations, while at the same time keeping an overview of the test dates ahead or those already carried out.

Test stickers have a wide range of uses. There are different types of stickers: universal stickers, those for legal tests, electrical tests, those for test equipment monitoring, for laboratory and medical engineering as well as for ladders, steps, and doors. There are only a few test stickers with a directly specified use. It is often up to the respective business whether the test stickers are to be used for on-site labelling directly on a machine or piece of equipment or not. In practice the test stickers have proved to be valuable as a good way of keeping a constant eye on test dates. To be able to distinguish between the respective test stickers from a distance, most test stickers are available in annual colours.

The material of the test stickers can also vary. The CIMCO test stickers are made of film. In comparison to test stickers made of paper, film is more suitable, as it is more resistant to external influences. The film used to make the test stickers is self-adhesive as well as wipe, scratch, and weather resistant.

Test stickers primarily have two purposes: they confirm a correctly and successfully conducted inspection of the machines to be tested. Test stickers also have a date on them which indicates when a new test needs to be carried out or respectively, when a test was last carried out. Tests must (usually repeatedly) be carried out by an authorised person.

MARKINGS & WARNING SIGNS

Test sticker “Electrically tested”

Standard film, size: ø 30 mm, supplied in a booklet with 108 stickers

Item no.	Year	Colour
18 2764	2019	yellow
18 2770	2020	orange
18 2775	2021	violet

Test sticker “Next test date German Social Accident Insurance (DGUV) regulation 3”

Standard film, size: ø 30 mm, supplied in a booklet with 108 stickers

Item no.	Year	Colour
18 2765	2019	yellow
18 2771	2020	orange
18 2776	2021	violet

Test sticker “Next test date”

Standard film, size: ø 30 mm, supplied in a booklet with 108 stickers

Item no.	Year	Colour
18 2704	2018-23	yellow/black

Cable test sticker “Tested according to German Social Accident Insurance (DGUV) regulation 3”

for cable diameter 8 mm - 25 mm, vinyl film clear, size 100 x 25 mm, supplied in a booklet with 80 stickers

Item no.	Year	Colour
18 2767	2019	yellow
18 2773	2020	orange
18 2778	2021	violet

Cable inspection sticker “Next inspection”

for cable diameter 8 mm - 25 mm, vinyl film clear, size 100 x 25 mm, supplied in a booklet with 80 stickers

Item no.	Year	Colour
18 2768	2019	yellow
18 2774	2020	orange
18 2779	2021	violet

Electric circuit labelling, two fields

for individual labelling, vinyl film, size: \varnothing 39 mm,
supplied as 30 stickers and 30 protective laminates stapled together

Item no. 18 2710 **Colour** red

Electric circuit labelling, three fields

for individual labelling, vinyl film, size: \varnothing 39 mm,
supplied as 30 stickers and 30 protective laminates stapled together

Item no. 18 2712 **Colour** red

Basic sticker "Inspection according to ... Next inspection"

Vinyl film white, size: 40 x 80 mm,
supplied as 50 stickers stapled together and without advertising printed

Item no. 18 2714

Basic sticker "Tested / on / by / according to ..."

Vinyl film white, size: 40 x 80 mm,
supplied as 50 stickers stapled together and without advertising printed

Item no. 18 2716

**Prüftaste am FI - Schutzschalter
1 x monatlich betätigen!**
Damit überprüfen Sie die Funktion
des Schutzschalters
jedoch nicht die Schutzmaßnahme selbst.

FI test buttons information stickers "Actuate 1 x month!"

self-adhesive film, size: 48 x 20 mm,
supplied stamped onto sheets of 10 stickers

Item no. 18 2718

Warning sign “Warning – Electric voltage”

self-adhesive film, size: 100 x 100 mm, design: ASR A 1.3 (2013), DIN EN ISO 7010, W012, 1 x

Item no.
18 2720

Warning sign for electrical engineering, “Electrical plant room”

self-adhesive film, size: 210 x 297 mm, symbol: “Warning – hazardous electric voltage”, 1 x

Item no.
18 2722

Plastic, size: 210 x 297 mm, Symbol: “Warning – hazardous electric voltage”, 1 x

Item no.
18 2724

Warning sign “High voltage – Danger of death”

self-adhesive film, size: 122 x 100 mm, design: symbol according to ASR A 1.3 (2013), DIN EN ISO 7010, W012, 1 x

Item no.
18 2728

Plastic, yellow, size: 122 x 100 mm, design: symbol according to ASR A 1.3 (2013), DIN EN ISO 7010, W012, 1 x

Item no.
18 2726

Warning sign “High voltage! Danger of death”

self-adhesive film, size: 244 x 200 mm, design: symbol according to ASR A 1.3 (2013), DIN EN ISO 7010, W012, 1 x

Item no.
18 2730

Plastic yellow, size: 244 x 200 mm, design: symbol according to ASR A 1.3 (2013), DIN EN ISO 7010, W012

Item no.
18 2732

Warning sign “Electrical plant room”

self-adhesive film, size: 244 x 200 mm, design: symbol according to ASR A 1.3 (2013), DIN EN ISO 7010, W012, 1 x

Item no.
18 2734

Plastic, size: 244 x 200 mm, design: symbol according to ASR A 1.3 (2013), DIN EN ISO 7010, W012

Item no.
18 2736

Maintenance tag "Do not switch! Work is being carried out!"

Plastic 0.5 mm white matt, size: 76 x 147 mm,
design: central bore at top 6 mm,
symbol according to ASR A 1.3 (2013), DIN EN ISO 7010, P031
supplied in one packaging unit of 10 stickers

Item no.
18 2738

Warning sticker "Do not switch! Work is being carried out!"

self-adhesive film, removable, size: 80 x 16 mm,
design: symbol according to ASR A 1.3 (2013),
DIN EN ISO 7010, P031
supplied on sheets of 10 stickers

Item no.
18 2740

Prohibition sign "Do not switch! Work is being carried out!"

Plastic, size: \varnothing 200 mm, 1 x

Item no.
18 2742

Prohibition sign "Electrical plant room Unauthorised access prohibited"

self-adhesive film, size: \varnothing 200 mm, 1 x

Item no.
18 2744

Mandatory signs according to DIN 40 008 "5 safety rules" Electric voltage

Plastic, size: 200 x 120 mm, 1 x

Item no.
18 2746

Combination sign according to ISO 7010

Plastic, size: 200 x 150 mm,
Warning sign: "Caution! Danger from batteries",
Prohibition sign: "Fire, open flames, and smoking prohibited"
1 x

Item no.
18 2748

Emergency notice

Plastic, size: 410 x 590 mm,
First aid instructions according to German Social Accident Insurance (DGUV)
information 204-001,
edition August 2017
1 x

Item no.
18 2750

Safety notice

Plastic, size: 200 x 300 mm,
"First aid for electrical accidents"
1 x

Item no.
18 2752

Safety notice

Plastic, size: 660 x 1000 mm,
"VDE requirements for operating electric systems"
1 x

Item no.
18 2754

Safety notice

Plastic, size: 500 x 660 mm,
"Information sheet for fighting fire in the vicinity of electric systems"
1 x

Item no.
18 2756

Safety notice

Plastic, size: 300 x 400 mm,
"Procedures and safety instructions for working on high-voltage installations"
1 x

Item no.
18 2758

Safety notice

Plastic, size: 420 x 297 mm,
"Excerpt from general accident prevention regulations"
1 x

Item no.
18 2760

Safety notice

Plastic, size: 400 x 600 mm,
"First aid for accidents with electric current"
1 x

Item no.
18 2762

WARNING LABELS

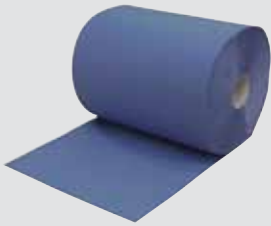

BUSINESS EQUIPMENT

Workshop trolley towel roll

White, 2-layer, individually packed, with feeder and carrying handle, wet strength, absorbent, low linting, tear off 500 sheets each 19.5 cm, size: 97.5 x 0.217 m

Item no.
14 5020

Workshop towel roll

Blue, 3-layer, individually packed, high-volume and very absorbent, wet strength, absorbent, low linting, tear off 500 sheets each 36 cm, size: 190 x 0.36 m

Item no.
14 5022

Floor stand with waste bag holder

Cleaning cloth roll holder for workshop towel rolls up to 42 cm roll width

Item no.
14 5024

Moist cleaning wipes

Ideal if areas need to be cleaned with only a small amount of liquid in order to prevent danger from occurring to sensitive technology, for hands, tools, and machines; removes greases, lubricant, adhesive, oil, tar, asphalt, ink, carbon, graphite, and similar soiling; quick-drying without residue, particularly skin-friendly, pleasant fresh fragrance, supplied in a handy, resealable dispenser bucket with 72 wipes
Size: 250 x 250 mm

Item no.
14 5018

Hand cleaner

With biodegradable abrasive agent (walnut shell flour), good cleaning power when dealing with medium soiling caused by e.g. oils, greases, carbon black, graphite, metal dusts, lubricants; particularly skin-friendly, solvent and soap-free, scented

Item no.	Size
15 1626	250 ml
15 1624	2000 ml

Hand cleaner dispenser

For holding the 2-litre hand cleaner soft bottles, in proven quality and function, simple handling and filling, also suitable for use in shower rooms, impact-resistant plastic housing for wall mounting, with drip-proof dosage mechanism
Size: 135 x 135 x 320 mm

Item no.
15 1630

Skin care cream

Fast-absorbing cream for hands and face, especially for the care of skin stressed by work and the environment, suitable for all skin types, moderately oily, silicone-free, unscented
Size: Tube 100 ml

Item no.
15 1628

Street broom

For coarse and stubborn dirt - including moist dirt - on streets and factory surfaces, particularly durable plastic fibres (Elaston), flat wood with handle hole, supplied without handle

Item no.	Size	Design
14 3024	400 mm	red
14 3028	1.4 m	Wooden handle in addition

Hall broom

For light and dusty dirt on dry floors, maximum quality made from real horsehair, saddle wood with handle hole, supplied without handle

Item no.	Size	Design
14 3026	600 mm	black
14 3028	1.4 m	Wooden handle in addition

Hand brush

Best quality made from horsehair, with black bristles, made from wood
Size: 300 mm

Item no. 14 3030

Dustpan

Robust design made of painted metal

Item no. 14 3032

All-purpose waste bag

Approx. content of 120 L, made of recyclable polyethylene regenerate film (LD-PE), problem-free incineration at landfill sites thanks to its groundwater-neutral behaviour and no release of harmful gases or substances, film thickness of 80 µm, particularly strong and tear-proof, water-proof, 25 bags per roll

Size: 700 x 1100 mm

Item no. 14 5001
Size 700 x 1100 mm

Cover sheet

Clear-transparent, made of recyclable polyethylene regenerate film, dimensions 4 m x 5 m = 20 m²

Item no.	Size	Design
14 5004	Film thickness 10 µm	made of HD-PE
14 5006	Film thickness 15 µm	made of LD-PE

Construction bucket

With litre scale, manufactured from premium polyethylene regenerate mixture, recyclable, reinforced bottom, galvanised 5 mm handle
Size: 12 litres

Item no. 13 1435
Size 12 litres

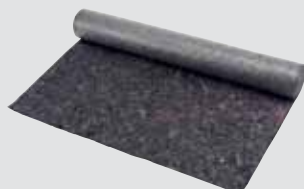

Non-slip non-woven cover

Absorbent, non-woven material coated with non-slip PE membranes to protect sensitive surfaces and smooth marble, wood (parquet, boards), plastic, laminate, carpet and similar types of floors, prevents the leakage of paints, dilutions, oil, adhesives, plaster, etc., simple to cut and easy to lay, re-usable
Size: 1 x 25 m

Item no.

14 5007

Standard non-woven cover

Absorbent non-woven cotton 180 g/m², with non-woven material coated with PE non-slip membranes to protect sensitive surfaces and smooth floors, easy to cut to size and lay, re-usable
Size: 1 x 25 m

Item no.

14 5010

Overshoes

Ideal for all areas of application, for the prevention of dirt and damage caused by fitter's shoes or work shoes, permeable to air and water vapour, anti-static, abrasion-resistant, lint-free, colour: white

Item no. Design

14 0235

flat, 1 pair

14 0236

flat with outer sole, 1 pair

Non-sterile, can be worn on both feet, rectangular shape, elasticated opening, hammered PE film (anti-slip effect), free from formaldehyde and chlorine, colour: blue

Item no. Design

14 0229

flat, 1000 pcs.

Commercial first aid case

According to DIN 13157, in a modern design with attractive colouring, splash-proof, dust-tight and maintenance-free, can be hung on the wall or removed from the holder for mobile help on site, extremely clear layout thanks to transparent ABS housing and variable interior partitioning, one-hand opening and defined opening angle with additional externally accessible plaster dispenser, including room thermometer, "First Aid Instructions", pen, anti-theft protection, with wall bracket, wall plugs and screws

Item no. Size

14 2006

350 x 370 x 120 mm

14 2007

Refill pack

Car first aid kit

According to DIN 13164, only for cars, not permitted for commercial operations, in a strong plastic case

Item no. Size

14 2008

225 x 165 x 70 mm

14 2009

Refill pack

First aid kit

First aid case, dark-green, without partitions, with wall bracket, filled in accordance with DIN 13157
Size: 280 x 270 x 82 mm

Item no.

14 2010
